

TIMBERLAST™ VINYL PRIVACY FENCE

# COLOR OPTIONS

Kroy's 1" x 8" tongue & groove profile is now available in a rich tan woodgrain (cedar crest), or the look of weathered grey cedar (greystone). Like mother nature, the grain patterns in our new "Timberlast™" line are unique from panel to panel. This new line is perfect for those who want the look of stained cedar, but don't want the maintenance of wood. The Timberlast™ patterns are exclusively for privacy fence inserts, and are designed to be used as either a beautiful compliment, or an attractive contrast to Kroy's solid color posts and trim.
